

Up-scaling Basic Sanitation for the Urban Poor (UBSUP)

Information on SafiSan Projects for Members of Staff of the Water Service Provider (WSP)

CONGRATULATIONS!

- ▶ Your Company has been awarded a SafiSan Project by the Water Services Trust Fund
- ▶ SafiSan Projects are funded under the UPC window of the WSTF

A WSP PROJECT

SafiSan Projects are won, implemented and operated by licensed Water Service Providers (WSPs)

SANITATION

By implementing SafiSan Projects WSPs and Counties can greatly improve the sanitation and public health situation within their area

PRO-POOR

SafiSan Projects are targeting the underserved urban poor

AREA FOCUS

SafiSan Projects target specific underserved urban areas

SANITATION VALUE CHAIN

To avoid public health risks SafiSan Projects consider the entire sanitation value chain; toilets, emptying, transport and treatment

BETTER TOILETS

- SafiSan projects provide subsidies to households and landlords that build toilets according to SafiSan specifications
- KSh 20,000 for a new toilet and KSh 15,000 for a rehabilitated toilet
- SafiSan Projects promote Urine Diverting Dry Toilets (UDDTs) and flush toilets

SANITATION TEAMS

SafiSan Projects train Sanitation Teams that can empty toilets and transport the dry content from (UDDTs) to Decentralised Treatment Facilities (DTFs)

SANIGO

The WSTF has developed a special (NEMA certified) cart that can be used for the safe transport of the content of UDDTs

SOCIAL MARKETING

SafiSan Projects provide funding for Social Animators (sanitation marketers) who do the social marketing of the SafiSan toilets and services

TREATMENT

SafiSan projects also includes funding for the construction of Decentralised Treatment Facilities (DTFs)

PUBLIC HEALTH

The Public Health Officer (PHO) is a key member of the Project Task Team of a SafiSan Project

INCENTIVES FOR WSP

WASREB allows WSPs to include all costs (human resources, materials) in the tariff proposal
